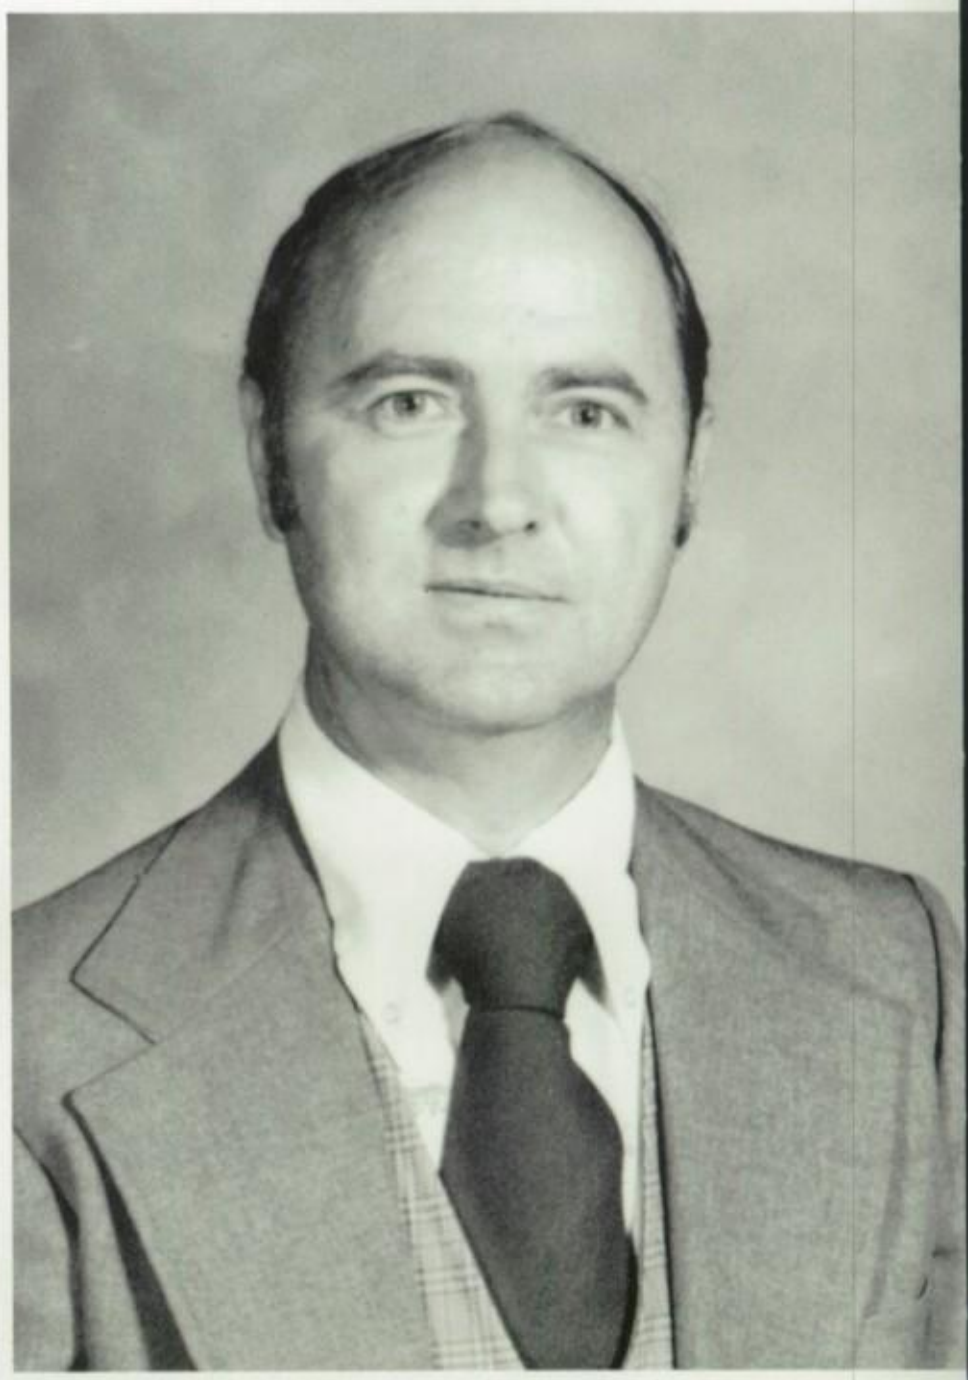
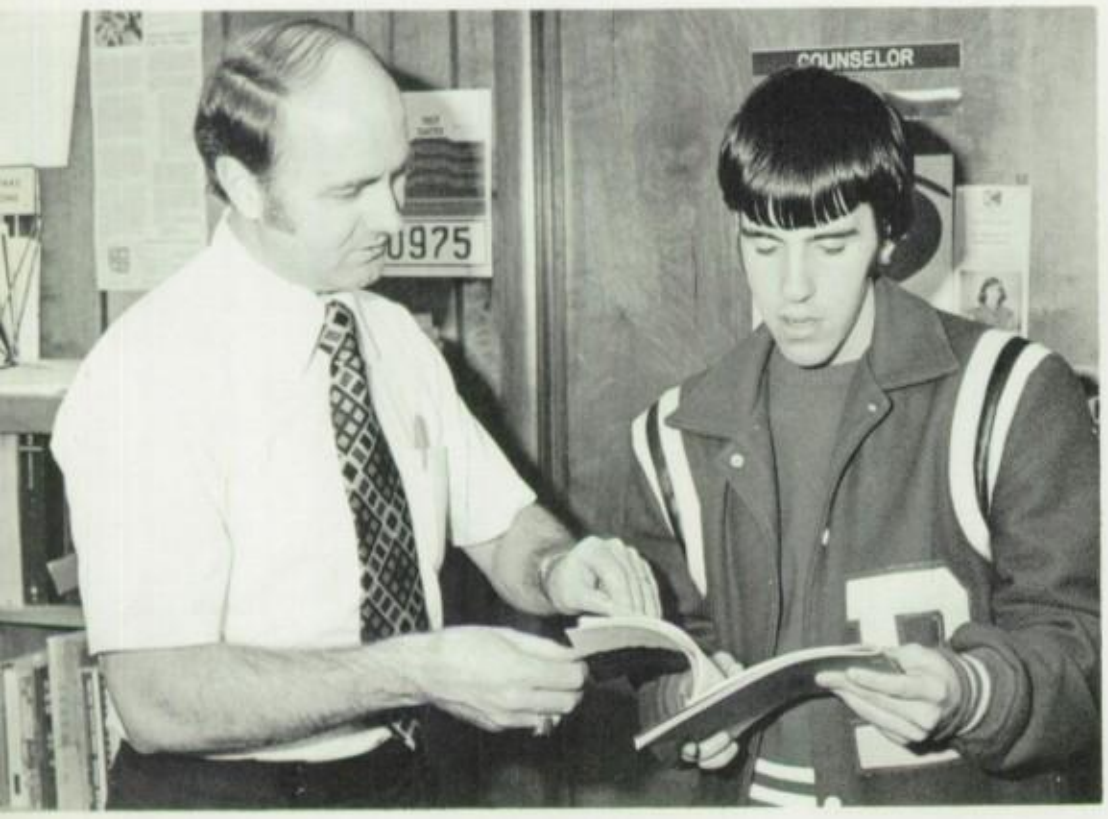
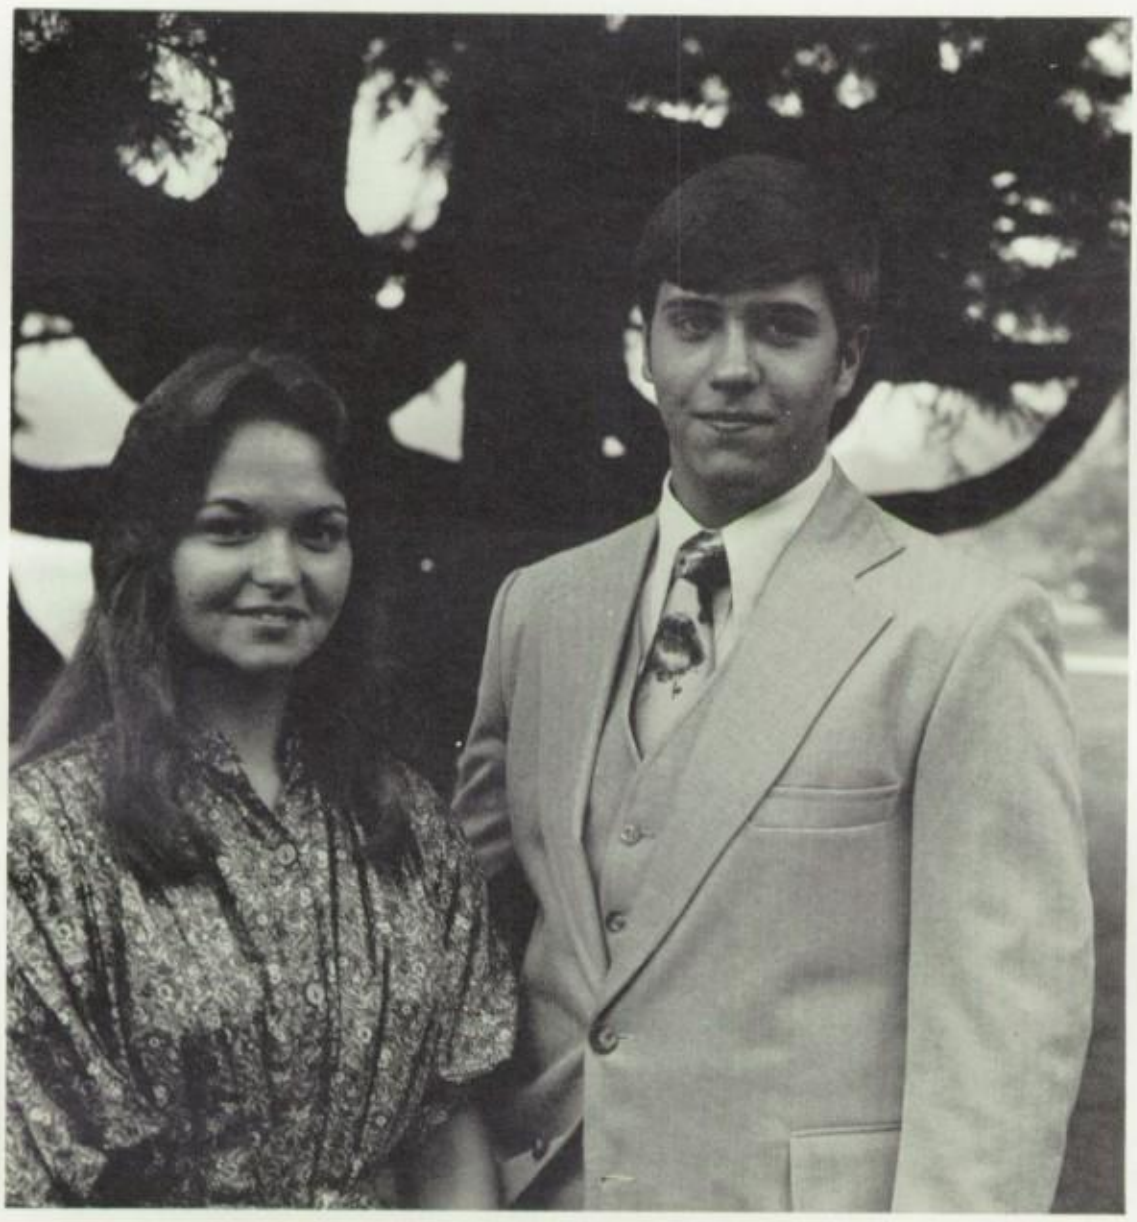
Dedication

Those who would challenge us must first understand us, relate to us, and inspire us. This year the Seniors want to dedicate the PHOENIX to one who has always made himself available to listen to our problems and who has left us with the feeling that he knows our thoughts and dreams. Some of us know him first as a teacher, but we all know him as our smiling counselor who helps in our curricular decisions, career choices, personal problems, and anything else that's on our minds. MR. WAYNE MILLER, we love and respect you, and gratefully dedicate this book to you.







Mr. And Miss Red Raider — 1979

Kim Leonard And Allen Rogers

Mr. and Miss Red Raider are selcted by the High School faculty as the senior boy and girl who in their opinion best represent the ideals and spirit of the school. Kim and Allen have accepted the challenge to excel in scholastic achievement and have at the same time contributed in service to the school, serving as marshals, student council officers, and, in general, helping in any way they can. Congratulations to you, Kim and Allen.

FHA Is On The Move

FHA has undertaken more varied projects this year. The members started off the year to raise money with a bake and yardsale. They also helped the elderly in the community by raking their yards. The new FHA members this year found initiation a lot of fun. For the second year FHA members have gone caroling at a nursing home. As a new project the members gave a tea in honor of the faculty. They also did their part in helping at the Fall Festival. FHA members had great pleasure in doing these varied projects.

What Is The Most Rewarding Thing about Your Job?

"Working with young men and women who someday will make very important decisions concerning their lives. In teaching I can have an effect on these decisions." — MR. JAMES MACH.

"Watching the eyes of a student brighten and become excited when he suddenly understands what he is doing." — MRS. SUSAN KIDD.

What Is Your Pet Peeve Concerning Students?

" . . . lack of concern and respect for self and others." — MRS. JUDY KOONTZ.

"Students who have more ability than they use." — MRS. MARIE LANIER.

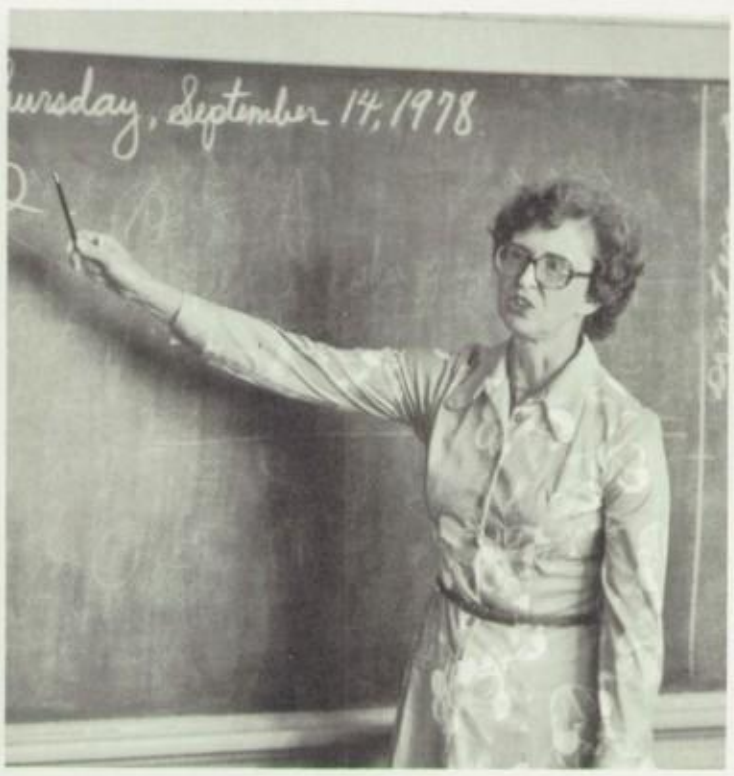
Why Did You Become A Teacher?

"So I could have a week and a half off for Christmas." — MR. BILL WALL.

"In hopes of broadening young minds and opening up new worlds for students through foreign language." — MRS. GLYNIS DOMECQ.

What Do You Like Best About Students?

"Their willingness to cooperate." — MR. RONALD KEPLEY.



"I like their curiousity and their enthusiasm." — MRS. EULENE SHEPHERD.

What Is Your Favorite Expression?

"You think I'm hard? Just wait 'till you get to college!" — MRS. SUE PLASTER.

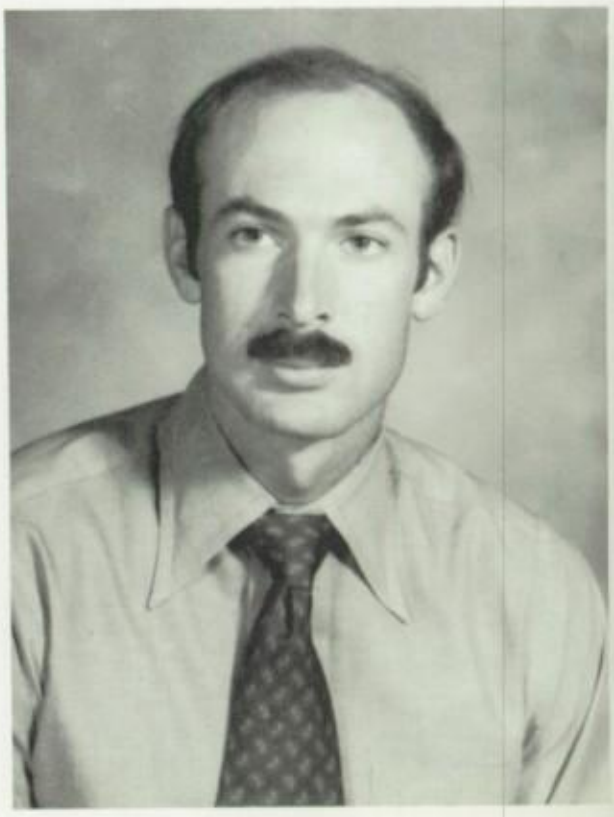
What Is Your Favorite Quotation?

"One borrowed from Rev. Baker in one of his talks to the student body: 'If it is to be, it is up to me." — MR. WAYNE MILLER.

What Is The Most Humorous Incident That Has Happened To You During Your Teaching Career?

"The impersonation of me in the Junior Class skit at the Homecoming Pep Rally. See p. 16." — MRS. FRANCES BAKER.

"Riding a donkey in the gym." — MR. ALAN BRUMFIELD.



What Do You Like Best About Denton As A School?

"A small school allows students and teachers to get to know each other better." — MR. BILLY GRIMMETT.

"At Denton, you're not just a number (as in a larger school): you're a person. If you are not around, you're missed. If you do a good deed, it is noticed. This is a big morale booster." — MRS. LISA MARTIN.

What Is Your Best Advice To Students?

"Time waits for no one. Use time wisely while you're here, because you will never have this opportunity again to learn while the time is right for you to learn now." — MR. J.E. SINK.

"To become more concerned about how to live rather than how to make a living. If you know how to live, you don't have to worry about making a living." — MR. WAYNE PLASTER.

"Do the best you can now: you may never have a second chance." — MR. MARVIN SANDIFER.

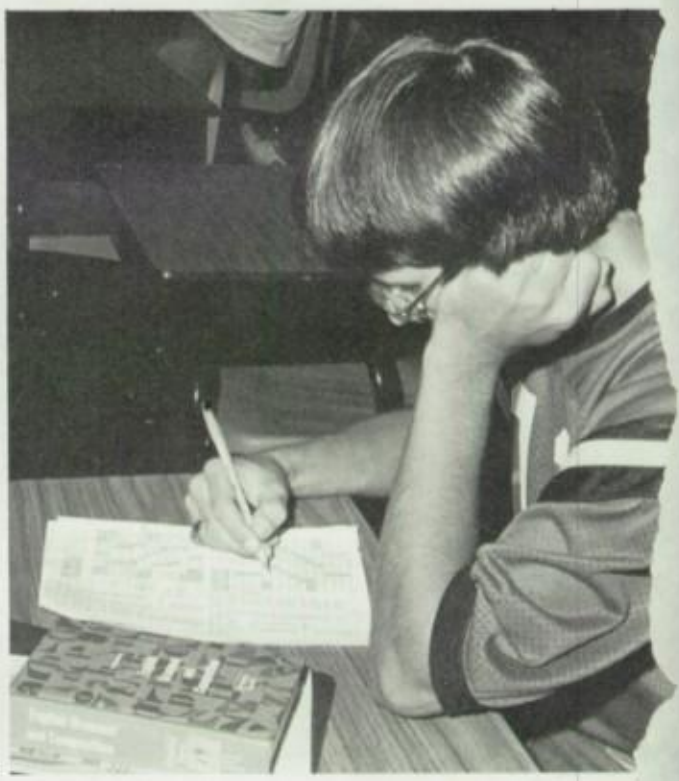
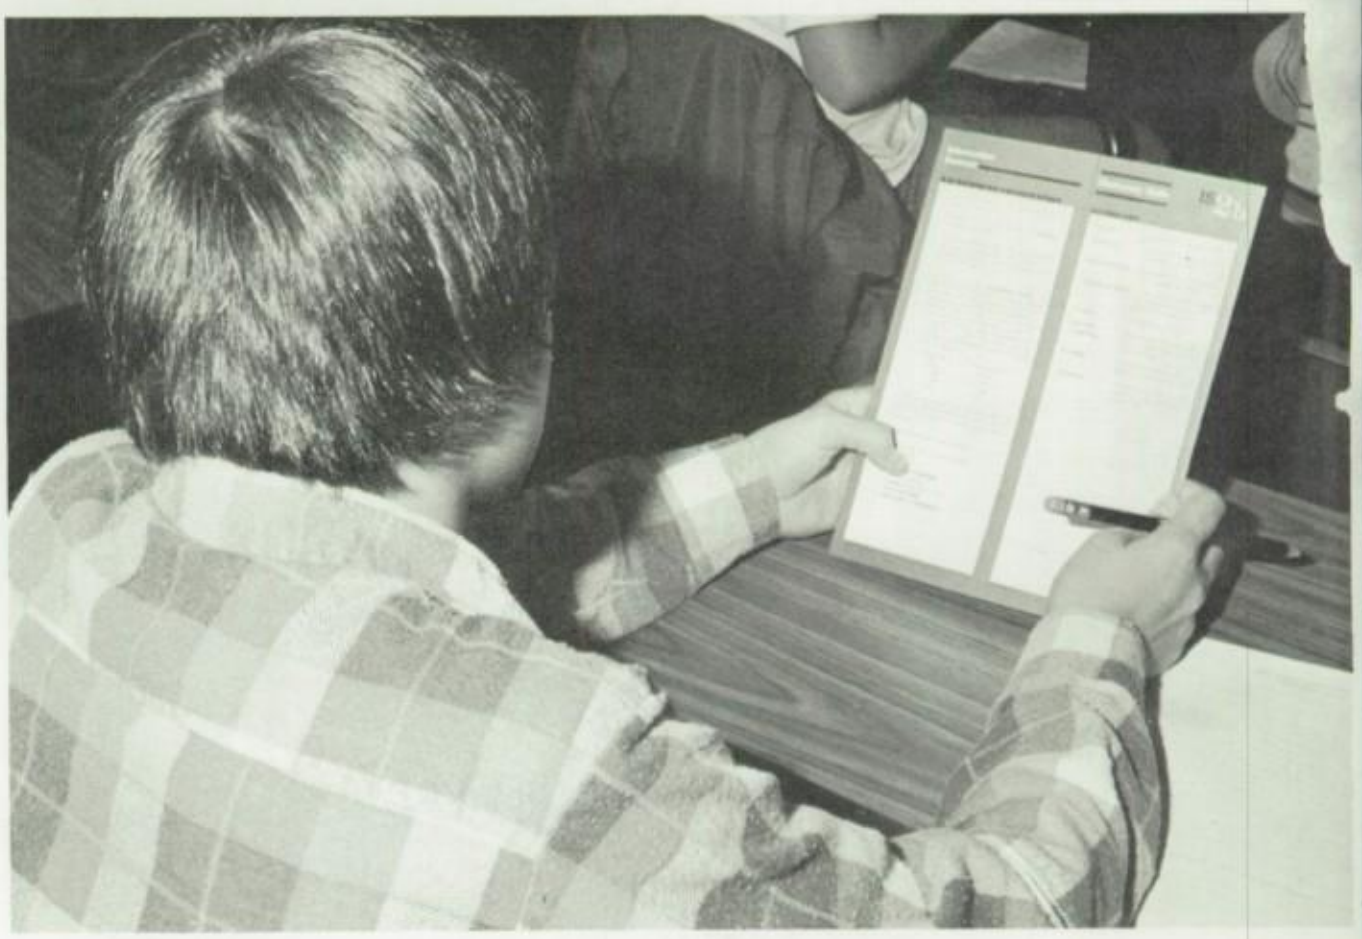
CHALLENGES

The purpose of education is to prepare us as students to measure up to our maximum potentials. Basic is the academic challenge: to master as best we can the fundamentals of reading, writing and other fields by which we gain understanding as well as knowledge. We are not all equally talented, and our school offers us opportunities to develop latent abilities in art, handicraft skills, and other areas by which all life is enriched.





think
safety

We are social beings bound together in life. School offers us a chance to foster relationships by pooling our time to serve one another or others beyond our class and school.

Throughout our years in school, we meet new challenges every day. In this edition of our PHOENIX yearbook, we, the staff, have tried to show these different challenges and how they are met by the student body, teachers, and administrators.

As Editor, I would like to express my appreciation to our yearbook advisor, Mrs. Frances Baker, and each member of the staff, who have accepted the challenge and worked hard in the completion of our 1979 PHOENIX.

Each decade brings forth new situations with new challenges. As 1979 brings to an end the decade of the 70's, we look forward to the 80's and what they may bring. The challenge is there for you. It is up to you to meet it both bravely and wisely.
